NOTES TO THE CONDENSED INTERIM FINANCIAL STATEMENTS

March 31, 2023

1. NATURE OF OPERATIONS AND GOING CONCERN:

Benton Resources Inc. (“Benton” or the “Company”) was incorporated on November 8, 2011 as 0924698 B.C. Ltd. (renamed Benton Resources Inc. on July 25, 2012) under the laws of British Columbia and is a development stage public company whose shares began trading on the TSX Venture Exchange on August 1, 2012. Its principal business activities are the acquisition, exploration and development of mineral properties. On July 27, 2012, the Company received certain assets by way of a court-approved plan of arrangement (the “Arrangement”) from Benton Capital Corp.

Benton’s head office is located at 684 Squier Street, Thunder Bay, Ontario, P7B 4A8.

The accompanying financial statements have been prepared on the basis that the Company will continue as a going concern, which assumes the realization of assets and the settlement of liabilities in the normal course of business. The appropriateness of the going concern assumption is dependent upon the Company’s ability to generate future profitable operations and/or generate continued financial support in the form of equity financings. These financial statements do not reflect any adjustments to the carrying values of assets and liabilities and the reported expenses and balance sheet classification that would be necessary if the going concern assumption were not appropriate and such adjustments could be material.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Statement of Compliance to International Financial Reporting Standards (“IFRS”)

These condensed interim financial statements have been prepared in accordance with International Financial Reporting Standards (“IFRS”) as issued by the IASB (“International Accounting Standards Board”) applicable to the preparation of interim financial statements, including International Accounting Standard (“IAS”) 34- Interim Financial Reporting. The accounting policies followed in these condensed interim financial statements are the same as those applied in the audited annual financial statements of the Company for the year ended June 30, 2022 (“Fiscal 2022”).

The policies applied in these interim condensed financial statements are based on IFRS issued and outstanding as of May 11, 2023 (the “Report Date”), the date the Audit Committee approved the statements. Any subsequent changes to IFRS after this date could result in changes to the financial statements for the year ended June 30, 2023.

The condensed interim financial statements do not contain all disclosures required under IFRS and should be read in conjunction with the audited annual financial statements and the notes thereto for Benton Resources Inc. for the year ended June 30, 2022.

The preparation of financial statements in conformity with IFRS requires management to make judgments, estimates, and assumptions that affect the application of policies and reported amounts of assets and liabilities and disclosures of contingent assets and contingent liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. Significant accounts that require estimates as the basis for determining the stated amounts include exploration and evaluation assets, share-based payments, allocation of financing proceeds, and income taxes. Differences may be material.

3. NEW AND FUTURE ACCOUNTING PRONOUNCEMENTS:

Amendment to IAS 1, Presentation of Financial Statements - Classification of Liabilities as Current or Non-Current. In January 2020, the IASB issued amendments to paragraphs 69-76 of IAS 1 to clarify the requirements for classifying liabilities as current or non-current. The amendments specify that the conditions which exist at the end of a reporting period are those which will be used to determine if a right to defer settlement of a liability exists. The amendments also clarify the situations that are considered a settlement of a liability. The amendments are effective January 1, 2022, with early adoption permitted.

IFRS 10 – Consolidated Financial Statements (“IFRS 10”) and IAS 28 – Investments in Associates and Joint Ventures (“IAS 28”) were amended in September 2014 to address a conflict between the requirements of IAS 28 and IFRS 10 and clarify that in a transaction involving an associate or joint venture, the extent of gain or loss recognition depends on whether the assets sold or contributed constitute a business. The effective date of these amendments is yet to be determined; however early adoption is permitted.

The amendments are effective for annual periods beginning on or after January 1, 2023. The amendments must be applied retrospectively in accordance with IAS 8 Accounting Policies, *Changes in Accounting Estimates and Errors*. Earlier application is permitted. The Company is in the process of assessing the impact the amendments may have on future financial statements and plans to adopt the new standard retrospectively on the required effective date.

The amendments are not expected to have an impact on the Company’s consolidated financial statements.

a) Newfoundland Joint Venture Properties – Sokoman Minerals Corp.

During the year ended June 30, 2021, the Company and Sokoman Minerals Corp. (“Sokoman”) formed a formal strategic alliance (together “the Companies”) to conduct gold exploration in Newfoundland. The acquisition (cash and share payments) and exploration and evaluation expenditures will be shared equally between the Companies and dictated by a Joint Venture Agreement. Benton will assume operatorship of the joint venture. At March 31, 2023, the Company accrued a receivable from Sokoman in the amount \$66,360 including HST for Sokoman’s portion of cash expenditures made by Benton on behalf of the strategic alliance during the three month period ended March 31, 2023. In addition, the Company accrued an accounts payable in the amount of \$11,439 including HST for the Company’s share of expenditures incurred by Sokoman during the three month period ended March 31, 2023. The pre-tax amounts were reflected in exploration and evaluation expenditures at March 31, 2023 and both were settled in the subsequent period. To date, the strategic alliance has acquired four distinct land packages (Kepenkeck, Golden Hope, Grey River and Larry’s Pond) more fully described below.

Kepenkeck Gold Project

During the year ended June 30, 2021, Benton acquired, on behalf of the Companies, the Kepenkeck Gold Project (the “Option”) from Kevin and Alan Keats (the “Vendors”). The project, which consists of 595 claim units encompassing 15,625 ha, is located in Central Newfoundland. Terms of the Option, subject to TSX Venture Exchange (“Exchange”) approval, are as follows:

- \$10,000 (paid) and 200,000 Benton common shares (issued) on signing and Exchange approval;
- \$20,000 (paid) and 200,000 Benton common shares (issued) on or before April 10, 2022;
- \$20,000 and 200,000 Benton common shares on or before April 10, 2023 (pending); and
- \$40,000 and 400,000 Benton common shares on or before April 10, 2024

The Vendors will retain a 2% NSR and Benton, at its election, will have the right to buy back 1% NSR for \$1 million. In the current period, Benton received 33,386 shares of Sokoman (June 30, 2022 – 35,484 shares) as a 50% reimbursement for the above Benton share issuances on behalf of the Companies for the initial and first anniversary share payments.

During the year ended June 30, 2022, the Companies jointly staked the Golden Hope JV gold project which consists of 3,726 claim units covering 93,150 ha in South Central Newfoundland.

Grey River

During the year ended June 30, 2021, the Companies jointly acquired via claim staking and letter agreements with underlying vendors, a land package known as the Grey River gold property located on the south coast of Newfoundland. Grey River consists of 783 claim units covering 19,575 ha.

During the year ended June 30, 2022, Sokoman finalized the execution of two property option agreements related to the Grey River project, the Lewis Option and G2B Gold Option, on behalf of the Companies.

Pursuant to the Lewis Option, Sokoman has the option to acquire a 100% interest in a land package consisting of 7 claim units subject to a 1.5% NSR in favour of the Lewis Option vendors, of which 1% NSR may be purchased by Sokoman for \$1 million at any time. Terms of the Lewis Option are as follows:

- Payment by Sokoman of \$10,000 cash (paid);

Sokoman terminated the G2B Gold option during the period ended March 31, 2023.

In the current period ended March 31, 2023, Benton issued 71,234 common shares to Sokoman for a 50% reimbursement of the above share issuances made with respect to the Lewis Option by Sokoman on behalf of the Companies.

Larry's Pond

During the year ended June 30, 2021, Benton entered into an option agreement (the "Larry's Pond Option") on behalf of the Companies to acquire the Larry's Pond project which lies along the western boundary of the Kepenkeck Gold project located in Central Newfoundland. The Larry's Pond project consists of two licenses comprised of 30 claim units.

Benton received 8,421 shares of Sokoman (June 30, 2022 – 7,965 shares) as a 50% reimbursement for the above Benton share issuances on behalf of the Companies for the initial and first anniversary share payments.

b) Far Lake Property

During the year ended June 30, 2020, the Company entered into a binding Letter of Intent ("LOI") with Thunder Gold Corp. ("Thunder Gold") (formerly White Metal Resources Corp.) whereby Benton can earn up to a 70% interest in Thunder Gold's Far Lake project (the "Property") located 80km west of Thunder Bay, Ontario. Pursuant to the LOI, the Company can acquire from Thunder Gold an initial 60% interest in the Property (the "Initial Option") followed by a second option to acquire an additional 10% interest (the "Second Option") in the Property.

During the period ended March 31, 2023, the Company amended its agreement (the "Amending Agreement") with Thunder Gold regarding the Far Lake project. Pursuant to the Amending Agreement, the Company may exercise the Initial Option, earning a 60% interest in the Property by paying \$25,000 and issuing 200,000 shares to Thunder Gold (originally \$30,000 and 400,000 shares) by July 15, 2022 (completed). The Second Option in the original agreement has been eliminated such that the Company is limited to earning a 60% interest in the Property.

Having exercised the Initial Option, the Company will now spend the first \$150,000 in exploration expenditures within 24 months, thereafter the Company and Thunder Gold will form a joint venture with terms consistent with usual industry practice for further development of the Property, with the Company having an initial 60% interest and Thunder Gold having an initial 40% interest in the joint venture. The agreement governing the joint venture will contain provisions which provide for dilution for non-participation in programs including a provision for participant's interest to be converted to a 2% Net Smelter Return (the "NSR") royalty if its interest is diluted to less than 10% interest, half of which can be purchased by the non-diluted party for \$1 million at any time.

c) **Saganaga Property**

The Saganaga Property consists of mining rights for a 100% interest in 27 multi-cell mining claims in the Saganaga Lake area of Thunder Bay. Pursuant to an option agreement dated September 27, 2005, the Company acquired a 100% interest in the Saganaga Lake mining claims by paying the vendor a total of \$100,000 in cash and issuing 100,000 shares over a four-year period. The vendor retains a 3% NSR of which the Company has the right to buy back up to 50% for \$500,000 per 0.5% NSR.

The Q-9 portion of the property is located approximately 160km west of Thunder Bay, Ontario and adjoins the Saganaga property. The project was subject to an asset purchase, sale and royalty agreement dated May 8, 2006 between the Company and Stares Contracting Corp., a company controlled by Stephen Stares, Director and Officer and Michael Stares, Director of the Company, whereby the Company has a 100% interest subject to a 2% NSR in the project as a result of the Company having paid \$75,000 and issued 200,000 common shares.

The Company has entered into an Option Agreement (the "Agreement") with 2752300 Ontario Inc., a private company, whereby 2752300 Ontario Inc. can earn up to a 100% interest in the Saganaga Property (the "Project"). During the period year June 30, 2021, Cameo Industries Corp. ("Cameo") closed an arm's length acquisition of 2752300 Ontario Inc. In addition, during the year ended June 30, 2021, Cameo completed a corporate name change to Metallica Metals Corp. ("Metallica") and assumed all obligations. During the period ended March 31, 2023, Metallica completed the remaining payments and expenditure commitments to earn a 100% interest in the project.

In the event that Metallica completes a NI 43-101 compliant Mineral Resource calculation for the Project, Metallica will issue to the Company 1,000,000 common shares.

d) **Panama Lake**

The 100%-owned Panama Lake gold project ("Panama") is located in the Red Lake mining district, 55km northeast of the town of Ear Falls and is accessible by road. The project was acquired by staking and consists of 365 claim cells covering 7,446 hectares.

During the year ended June 30, 2020, the Company signed a binding letter of intent ("BLOI") with St. Anthony Gold Corp. ("STAG") (formerly Maxtech Ventures Inc.) in which STAG will have the option to earn a 100% interest in Panama.

Pursuant to the terms of the BLOI, STAG will have a 30-day due diligence period and, subject to regulatory approval (approved), will commit to the following: Issue 2,000,000 STAG common shares to the Company upon completion of due diligence review at an underlying price of \$0.05 per share (completed and issued); Pay the Company \$100,000 in cash or share equivalent on the first anniversary (issued 1,666,666 STAG shares), based upon a 10-day VWAP at the time of the payment and complete \$200,000 in exploration expenditures on the property; Pay the Company \$100,000 in cash or share equivalent on the second anniversary (issued 808,375 STAG shares post 4 for 1 share consolidation that was completed during the current year), based upon a 10-day VWAP at the time of the payment and complete an additional \$250,000 in exploration expenditures on the property at which point a 50% ownership interest will vest to STAG; Pay the Company \$100,000 in cash or share equivalent on the third anniversary, based upon a 10-day VWAP at the time of the payment and complete an additional \$250,000 in exploration expenditures on the property at which point a 70% ownership interest will vest to STAG; and Pay the Company \$300,000 in cash or share equivalent on the fourth anniversary, based upon a 10-day VWAP at the time of the payment and complete an additional \$300,000 in exploration expenditures on the property at which point a 100% ownership interest will vest to STAG.

The Company will retain a 2% NSR on the Project with STAG having the option to buy back a 1% NSR for \$1 million in cash. In addition, STAG will issue to the Company an additional 1 million STAG common shares upon completion of its initial resource estimate as defined in the BLOI.

During the year ended June 30, 2022, STAG sold its rights and title to Panama to Trillium Gold Mines Inc. ("Trillium"). Trillium will assume all rights and obligations under the original agreement with the Company. During the period ended March 31, 2023, Trillium issued 473,934 shares to the Company in lieu of the requisite \$100,000 cash payment to satisfy the terms of the second option based upon the 10-day volume weighted average price of \$0.211.

e) **Escape Lake**

During the year ended June 30, 2020, the Company signed a letter of intent with Clean Air Metals (“Clean Air”) (formerly Regency Gold Corp.), followed by a Definitive Option Agreement (the “Clean Option Agreement”) which set out a transaction pursuant to which Clean Air acquired from Benton an option to acquire the Company’s rights to acquire, under its pre-existing agreements with Rio Tinto Exploration Canada (“RTEC”) and Panoramic Resources Limited (“PAN”), a 100% right, title and interest in the Escape Lake property and the Thunder Bay North property (“TBN Project”) respectively.

During the year ended June 30, 2020, Clean Air exercised the Option by completing the following:

- Issued to Benton an aggregate of 24,615,884 Clean Air common shares;
- Fulfilled the remaining terms of the RTEC agreement that Benton has with RTEC on the Escape Lake Property;
- Entered into and fulfilled the terms of a formal binding purchase and sale agreement with PAN for the acquisition of PAN’s subsidiary, Panoramic PGMs Canada Ltd., including the payment to PAN of a deposit of \$250,000 as a down payment to PAN; and
- Issuing to Benton a 0.5% Net Smelter Return royalty from production on the Escape Lake Property and a 0.5% Net Smelter Return royalty from production on any mineral claims comprising the TBN Project that a Net Smelter Return royalty has not previously been granted.

Clean Air has now assumed and is bound by the obligations of Benton under the RTEC and PAN agreements.

During the period ended March 31, 2023, Clean Air withdrew both its Mineral Resource Estimate and Preliminary Economic Assessment technical reports due to an identified discrepancy with the disclosed resource estimate. Clean Air has determined that there will likely be a material reduction in the metal content in the Current deposit, one of the two mineral deposits comprising their Thunder Bay North project, which could be in the range of a 20% to 50% reduction from what was previously reported. This development resulted in a significant decline in the trading price of the common shares of Clean Air, and as a result, has materially impacted the value of Benton’s investment in Clean Air. At this time, the Company is uncertain as to whether the decline in value is temporary in nature or whether it represents a permanent impairment. See Subsequent Event.
